

Klipsch Reference RSB-11 Soundbar + Wireless Subwoofer

The Klipsch Reference RSB-11 sound bar and wireless subwoofer blend into large floorplans to deliver an astonishing, robust soundstage with a minimal footprint - and the wireless subwoofer lets you place deep, rich bass where it fits best in your space. Better Sound Instantly Klipsch Reference soundbars are designed to quickly connect to your television for an instant home theater solution. The built-in Dolby® Digital Decoder takes over and allows Klipsch Reference soundbars to automatically reproduce detailed, high-output sound in almost any size room no matter what format of sound is coming from the TV's output. Sync + Surround All Klipsch Reference soundbars are Bluetooth® compatible for mobile phones, audio device and computers. Our soundbars also include Virtual Surround Mode, for an optimized, three-dimensional surround sound effect to your movies and music. True 2-Way Bi-Amplified Sound Bar Two 3/4" horn-loaded textile dome tweeters with 90° x 90° Tractrix® horns deliver crisp highs, while four 2 3/4" woofers round out the enhanced sound with clear vocals and dynamic soundtracks. Includes DSP-controlled crossover via separate amplifier channels for tweeter and woofer. HDMI 2.0 For 4k Video Pass Through Whether or not you already have a 4K TV, the Klipsch Reference RSB-6 sound bar is the best choice for superior sound from your current TV. Three HDMI 2.0 input with HDCP 2.2

compatibility allows for easy connection of your cable/DSS box, Blu-Ray player, and gaming system. One HDMI cable out to your TV provides for a superior picture. Built-In Dolby Audio® Decoding Dolby Audio decoding provides crystal clear audio and prevents jumps in volume as you switch content or go from broadcast programs to commercial breaks.
