

One For All Unamplified Indoor Antenna

One For All® take pride in combining functionality and design. When designing antennas their priority is to ensure the best possible reception. Whether you still receive conventional analogue broadcasts or have already made the transition to Terrestrial Digital Video Broadcasts (DVB-T/2) or even Full HD and 3D, you can choose between indoor and outdoor antennas plus stylish indoor specials that blend in with modern home interiors. Which antenna do you need? For best performance, it is recommend to use this antenna within a range of 5km from your nearest transmitter. Fully adjustable for crystal clear reception For perfect reception of DVB-T/T2 television and DAB+ radio signals you can tilt or turn the fully adjustable loop and optimise the telescopic aerials.
