

Bosch 15 Place Setting Dishwasher

PLEASE NOTE THIS PRODUCT IS NOT AVAILABLE IN ALL STORES BUT CAN BE ORDERED ActiveWater Dishwasher: 15 place setting capacity, full colour TFT display, EmotionLight interior lighting, ultimate flexibility, with brilliant cleaning and drying results. ActiveWater technology: less water, less energy, more performance This innovative rinsing technology maximises efficiency and ensures environmentally friendly rinsing for excellent cleaning results. The water and energy is saved through targeted water distribution, optimised filter technology, faster heating and higher pump performance for increased water circulation.

AquaSensor: soil detection for brilliantly clean dishes The AquaSensor regulates the water usage depending on the type and degree of soiling, using light beams to manage the rinse. Depending on remaining food particles, grease or detergent residues in the rinse, the rinsing process is assessed to evaluate whether it needs to be continued. Automatic programmes ensure the best cleaning performance, automatically Water usage, water temperature and rinse time are adjusted exactly to suit the level of soiling. This provides best results while saving water and energy. AquaStop for added security and safety against water damage The AquaStop system cuts off the water supply directly at the tap outlet in the case of leaks. AquaStop operates 24 hours a day, 7 days a week, provided the dishwasher is switched on at the mains. LoadSensor automatically saves water and energy for fewer dishes The load weight is detected by a rotary speed sensor which adjusts the water level. The load sensor provides optimal water usage even for half loads or partial loads, saving water and electricity. EcoSilence Drive™: powerful, durable, quiet and efficient The brushless, frictionless construction of this advanced motor offers

maximum efficiency, economy, durability and performance. Plus, with up to three levels of sound insulation and targeted spray jets, the result is a dishwasher that's even quieter. IntensiveZone: effectively cleans pots and pans at the press of a button. The IntensiveZone option, which can be added to many programmes, ensures a higher spraying pressure and increases the temperature in the lower basket. Heavily soiled pots and pans are cleaned optimally whilst more delicate dishes can be placed in the upper basket. TFT display gives you quick information on dishwashing progress, time remaining and saving water and energy. The multicoloured TFT display provides information quickly. With pictures and easily legible type, it shows what cycles and options were selected, the dishwashing progress, time remaining, and much more. Handy instructions guide users through cycles and offer useful information on the best use of the dishwasher, and on saving water and energy. Optimal drying and brilliant shine at the lowest energy consumption thanks to Zeolith® technology. Thanks to the multi-award-winning Zeolith® technology, the opportunity to save energy saving is now even better, with brilliant drying results. The drying process uses very little energy and the power usage is reduced considerably: lowest energy consumption in the best energy efficiency class A+++ or even 10% less. The secret for this energy saving is the natural mineral Zeolith. It is regenerated after every wash cycle, lasts for the life of the dishwasher and never needs to be replaced. 4.5 energy star rating, 5.0 star water rating. Quiet Operation: Extremely low operating noise at only 42 dB(A), or just 40 dB(A) when using the ExtraQuiet program. Machine Care: Maintains the wash quality and reliability of your dishwasher throughout its lifetime, with indication reminder. VarioDrawer™ Pro: Provides extra loading flexibility and convenience for cutlery, cups, and large utensils. Glass Wash System: The Glass Wash program, ExtraDry option and GlassSecure Tray allow optimum cleaning results with high protection especially for delicate long stemmed glasses.

Features

All Product Details

Brand	Bosch
