

# InSinkerator Near Boiling + Cold Filtered Water Tap - Matte Black

PLEASE NOTE THIS PRODUCT IS NOT AVAILABLE IN ALL STORES BUT CAN BE ORDERED Offering both hot and cold filtered water from the same tap, the HC1100 can produce steaming hot water, as well as safe, filtered cold drinking water on demand. All InSinkErator Instant Hot Water Taps come with an in-line filtration system using replaceable filter cartridges. This makes the water coming out of them taste a lot better by removing tastes, odour and impurities, giving your cup of tea a better taste! The filter has been made easy to replace and it is recommended they be replaced every 6-12 months depending on use and incoming water supply, to keep your water quality at it's highest level. Steaming hot water instantly Elegant swiveling spout Tap insulated from heat Gentle touch, two lever dispenser Scale reduction technology protects heating elements Energy efficient & economical, saving both time and money Easy to install 2.5 litre stainless steel tank fitted under sink Shut-off valve in filter head automatically stops water flow Tap mounted on either the kitchen work surface or sink (35mm-38mm hole required in bench) Adjustable temperature dial. (88°C to near boiling) Reduces chlorine, lead, and other unpleasant tastes, chemicals and odours from the water Plugs directly into electrical socket close to appliance Easy to replace filter
